MEDIA RELEASE

Issued: Friday 3 June 2022

Feedback sought on open spaces, trails and recreation

The City of Launceston is seeking public feedback to make Launceston a more social, inclusive and fair city as part of its ongoing Tomorrow Together community engagement program.

This chapter of the Tomorrow Together program will explore the Launceston community's long-term aspirations for public open spaces, recreational trails and natural attractions.

Feedback is being sought on:

- Improving Launceston's health and well-being
- Exploring the barriers which prevent residents from being physically active and healthy
- Identifying what people value most about Launceston's public open spaces
- Improving public spaces and the urban tree canopy
- Connecting Launceston's public open spaces
- Identifying which priority experiences people expect from Launceston's play spaces
- Guiding the future of technology, data and innovation in Launceston

To get involved, visit yourvoiceyourlaunceston.com.au.

The consultation will close on Friday 8 July, 2022.
